Iowa Land Company is honored to bring to the public market the Moon Farm in Webster County. The farm is located on the west side of the Des Moines river just southeast of Dayton, IA. The property truly has it all, rolling bluff country timber along with 75 +/- acres of productive farmland. The investment, along with building and hunting potential, makes this farm a hard to come by opportunity along the Des Moines River system. Good access from both the west and the east sides of the farm makes the hunting capability second to none. Multiple ridges on the top half of the property allows a serious deer hunter to plant year around food to hold and grow quality whitetails for years to come.
